

## Result of the QR questions during the EPEA General Council Meeting on Friday

Dear all

The current steering committee has new names and new ideas. We have been doing some thinking on how the EPEA should be after 2023, and we believe that our organization should be more **interactive**.

This means that we would like communication to be in both directions and that the steering committee is open for your ideas and contributions. We can also use helping hands.

We need all of you to build up the EPEA and keep it alive. You have the knowledge, the know-how and the experience which makes this organization strong.

That's why we came up with these two questions during the General Council:

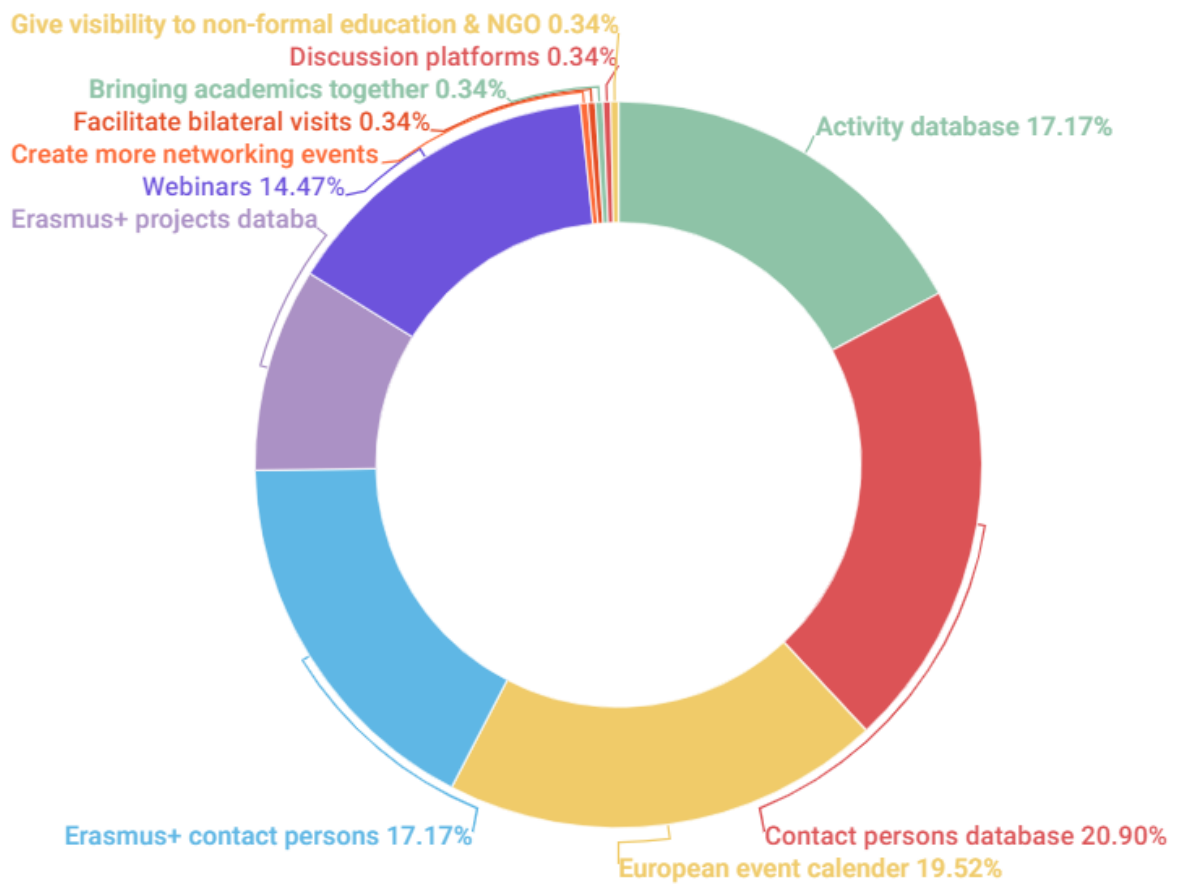

- What could the EPEA do for you or your organization?
- What could you or your organization do for the EPEA?

In the next pages you can find the result charts. We got 58 answers from you. We will work on it during the next few years in order to meet these results. But remember we will **need your help** in order to make it come true!

It seems that you would appreciate a contact database for practitioners and organizations, as well as an activity database. Moreover, you would also appreciate an event calendar on our website.

We are very happy to see that you are willing to share your good practices and knowledge in our newsletters and in webinars. So please, send us your articles, activities and experiences. Contact us if you have a webinar or a dissemination activity. Whatever you think can be interesting for your colleagues in prison. Don't be shy!

# What could the EPEA do for you?

# What could you do for the EPEA?
